

Memorable vacations aren't just made...They're planned!

Deborah has experienced over 250 resorts in the past 5 years in many destinations throughout Mexico, the Caribbean and Tahiti and her Islands.

She's passionate about travel. She believes that through travel, people can create memories and experiences that will change their lives.

She says, "We're blessed to live in a world that offers so much to so many. By incorporating travel into our lives, we are better able to understand the world and those that are in it. Travel opens our eyes to new cultures, people, places and experiences that shape who we are and who we will become."

Her idea of travel comes from a new generation. She believes that travel should be personalized to suit each individual. She focuses strongly on creating cherished moments that turn into treasured memories.

Deborah leads the honeymoon division of Kamloops Travel World called **Epic Honeymoons**, where couples can expect a totally customized and personalized honeymoon created for them in Mexico, the Caribbean and Tahiti.

"A vacation suited perfectly to each individual can impact their lives in a big way. I care about my client's vacation as though I were going on it myself!"

She also has partnered with **Wedding Butlers** in creating truly amazing destination weddings. Wedding Butlers puts the same emphasis on personalizing destination weddings, which is what Deborah enjoys so much about the destination wedding market.

"Destination weddings can be as personalized and as unique as they would be at home! No need to stick to whatever package the resort offers. With Wedding Butlers we are able to plan your dream wedding exactly as you want!"

To learn about Deborah, visit her websites or call Kamloops Travel World at 250.374.3393

*“The world is a book;
those who do not travel
read only a page.”*
